## CAMPUS

One of the best universities in Italy for teaching and research:

- No. 1 among Italian Universities in engineering programs in 2017 (source: Censis)
- No. 4 among Italian Master Degree programs (Education Around 2018)
- No. 4 among Italian large Universities, more than 20.000 students, in 2017 (source: Censis)
- Large enough to offer all the facilities one would expect from a major university
- Small enough to retain a personal and friendly environment
- 13 Departments offering a wide range of degree programs at undergraduate level, right up to doctoral studies in most disciplinary areas and research expertise and skill.

# Italian Motor Valley Experience

## High School Summer Program

An immersive experience focused on the **automotive industry**, offering a variety of **academic, business and cultural contents**, aimed at understanding **high performance vehicles** and **engineering subjects**.

An **in-depth and interactive exploration** of the **history and innovation** of the **automotive Italian sector**.
